The association has continued to perform well financially in the 2017/2018 year. During this period sponsorship funding was secured from our loyal and ongoing corporate partners including FRM, PT Hydraulics, Pelican Products, ECCO Safety and Fire Rescue Safety Australia.

In addition to this we also received in-kind donations from a number of local businesses in the form of significant discounts on services they provided over the course of the championships weekend. On behalf of the Executive Committee I would like to thank these businesses for their ongoing commitment as without them it would be very difficult to conduct such a significant event each year.

I would also like to take this opportunity to seek assistance in sourcing new corporate partners for the 2019 Championships. Please contact a member of the Executive Committee if you have any suggestions so one of the team can follow them up.

The Executive Committee has tried to keep costs as minimal as possible to guarantee a cost-effective outlook moving forward. Recently we had the associations transactions for the 2017/2018 financial year independently audited and I am pleased to say that this balanced to the cent.

In closing, I would like to thank the committee and the member's association for allowing me the opportunity to serve as Treasurer for the last two championship, it has been a privilege to be involved with such a committee.
